TCSG AI Community of Practice

Membership, Engagement & AI Governance

Date: Wednesday, October 28, 2026
Time: 3:00–4:00 PM
Location: Webex
Hosted by: TCSG Advanced & Emerging Technology

Meeting Purpose: Discuss AI software governance and introduce the next phase of the TCSG AI Community of Practice, including membership levels, engagement expectations, and opportunities to help advance AI literacy and adoption across the 22 TCSG colleges.

Meeting Agenda

Time	Topic	Presenter
3:00–3:05 PM	**Welcome & Opening Remarks**	Stephanie O'Donoghue
3:05–3:20 PM	**AI Software Governance**	Robbie Vickers, Chief Information Officer
3:20–4:00 PM	**The Next Chapter of the TCSG AI Community of Practice**	Stephanie O'Donoghue & Community Discussion

Community of Practice Discussion Topics

3:20–4:00 PM

- **What Is a Community of Practice?** Understanding our shared purpose and the importance of learning, sharing, and contributing.
- **Membership Levels:** Introducing Community Observers, Community Members, and Leaders.
- **Engagement Expectations:** Meaningful participation, foundational AI learning, and contributions to system-wide initiatives.
- **Community Opportunities:** Monthly CoP meetings, weekly *Let's Chat about AI* sessions, and topic- and discipline-specific Webex spaces.
- **Community Leadership Council:** Building shared ownership through representation from all 22 colleges.

- **Moving Forward Together:** Membership recommitment, next steps, and opportunities to help shape AI Literacy and Fluency Standards across TCSG.

Our Shared Mission

Learn. Share. Connect. Contribute.

Together, we are building a collaborative community that will help advance responsible AI adoption, strengthen AI literacy and fluency, and shape the future of technical education across Georgia.
